INSTRUCTIONAL COMPONENTS

Check	ng EACH box indicates that you understand and agree to the instructional components.
	Teacher of Record: A teacher of record is responsible for providing instruction, determining instructional methods for each pupil, diagnosing learning needs, assessing pupil learning, prescribing intervention strategies and modifying lessons, reporting outcomes, and evaluating the effects of instruction and support strategies. Please note that the teacher of record will NOT be an Okemos Public Schools employee. The highly qualified teacher providing content for the course will also only be available remotely via email or possibly phone.
	Mentor: A mentor is a professional employee of Okemos Public Schools, who monitors the student's progress, ensures the pupil has access to needed technology, is available for assistance, and ensures access to the teacher of record. The mentor may be a counselor, librarian, or other staff member. All virtual learning students will be assigned an OPS mentor.
	NCAA: Not all online courses meet NCAA requirements. The student is responsible to make sure each class is acceptable with the college admissions office, scholarship program and NCAA eligibility center (future college athletes). More information is available on the NCAA website: http://eligibilitycenter.org
	IDANCE/CREDIT POLICY ng EACH box indicates that you understand and agree to the attendance and credit policy.
	Daily attendance is required for virtual classes. All students must report to their mentor classroom daily. Exception: Okemos High School seniors enrolled in a 21f course are permitted to leave the building if their 21f course is scheduled during their final hour of the day and permission is granted by the parent/guardian.
	Upon starting their course, students will be given an expected date of course completion. Student progress will be monitored throughout the course. If student progress significantly varies from the expected completion date, parents will be notified by the OPS mentor.
	As these programs are self-paced, students may finish the course earlier than expected.
	If the course is not completed in the allotted number of days, the student will earn a failing grade.
